

Edition 4

# HAMLET

Putting warmth at the heart of the home

*In 1966, George and Rose started a small family engineering business, 50 years on it is still at the heart of today's Arada.*

*Since their creation, our stoves have had the authenticity you'd expect from a company rooted in rural Devon.*

*Choose a stove that is perfectly designed for the British home and your way of life.*

## Feel the warmth

### Output

The most important consideration when purchasing a stove is the required output to heat the room it will be placed within. As a very rough guide, measure the room and multiply width x depth x height (in metres), and then divide this by 14. This will provide the average heating requirements for the room in kilowatts. e.g. For a room measuring 4.9m x 4.9m x 2.4m, multiply these together and then divide by 14. This makes a 4.1kW output.

### Freestanding or Inset

Our freestanding stoves offer the most versatile heating solution, perfect for all spaces. Alternatively, you could opt for an inset stove model, designed to replace an open fire utilising an existing fireplace.

### Fuel

All of our Hamlet stoves are multi fuel, giving you the freedom to choose between burning solid fuel or wood. For those living in UK Smoke Control Areas, we also offer our dedicated DEFRA exempt stove.

Model shown: Solution 7

*Highly efficient, yet simply designed, our Solution range of stoves allow you to generate more heat using less fuel.*

*With a gently curved steel body, large fire viewing glass and concealed hinges, the Solution stove is a stunning addition to any room and is sure to keep your home warm and cosy.*

## Features

- Burns wood or solid fuel
- Pre-stressed curved body for superior strength
- Preheated airwash system for clean glass
- 10 year guarantee on the stove body
- Secondary burn for higher efficiency
- Externally controlled riddling grate
- Top or rear flue outlet

## Optional extras:

Add-in boiler / Floor fixing kit  
Safety handle / Ash carrier

Solution 5 | 4.9kW

NEW

Solution 5 Widescreen  
4.9kW

Solution 7 | 6.1kW

Solution 9 | 8.8kW

Solution 11 | 11kW

# Solution Inset

Featuring all the perks of our Solution Freestanding models, but fitting perfectly into a standard British fireplace, the Solution Inset is a great choice. The Inset 5 model even fits neatly around the chair brick minimising the need for alterations.

## Features

- Burns wood or solid fuel
- Preheated airwash system for clean glass
- Externally controlled riddling grate
- No need to remove the chair brick (Inset 5 model)
- Radiant and convected heat

Solution Inset 5  
4.8kW

Solution Inset 7  
7.1kW

Model shown: Solution Inset 5

Optional extras: Standard flue gather / Long reach flue gather / Safety handle / Ash carrier / 5-6' vertical flue adapter

# Solution DEFRA

Our Solution DEFRA stove enables you to burn wood or smokeless fuel in the UK's Smoke Control Areas. It's been developed to meet DEFRA's stringent approval and combines simple, clean styling with the practical requirements of today's stove users.

## Features

- Burns wood or smokeless fuel
- Pre-stressed curved body for superior strength
- Preheated airwash system for clean glass
- Secondary burn for higher efficiency
- Externally controlled riddling grate
- Top or rear flue fitting

Solution 5 DEFRA | 4.5kW

Optional extras:  
Direct air supply kit / Floor fixing kit / Safety handle / Ash carrier

Model shown: Solution 5 DEFRA

Model shown: Hardy 5

*The smallest of the Hamlet range, the Hardy has been designed with small living areas in mind. Whilst compact in size, these stoves still offer all the heat and cosiness needed to stay warm through the winter months. A reliable and controllable heating supply combined with a simple design.*

#### Features

- Burns wood or solid fuel
- Preheated airwash for clean glass
- Secondary burn for higher efficiency
- Externally controlled riddling grate
- Top or rear flue fitting

Hardy 4 | 4.2kW

Hardy 5 | 4.9kW

## Technical information

All Hamlet stoves come with a ten year guarantee, ensuring long-lasting enjoyment and added peace of mind. Terms and conditions apply. Please ask your retailer for more information.

## MAKE IT YOUR OWN

We appreciate that everybody is different, so when choosing your stove, ensure it suits your lifestyle and home décor. With this in mind, our stoves, log stores and accessories are available in a wide selection of colours to match them to your home.

All Arada stoves are designed, built and tested in the UK to ensure full compliance with CE certification and UK building regulations. Stated outputs for boiler stoves are quoted using manufactured smokeless fuel.

Every effort has been made to ensure that the information contained in this brochure is accurate as of September 2017. Arada Ltd reserves the right, whilst preserving the essential characteristics of our product range, to introduce, at any time, modifications, changes of details or accessories.
