MAINTENANCE PRODUCTS**

# Paint

## Stove & Fireplace Paint Matt Black

An ultra-high temperature corrosion resistant one coat stove and fireplace paint. Extra coverage over conventional systems results from the high solids content. This specially formulated fireplace and stove paint provides corrosion and abrasion resistance. A thin coating of fireplace and stove paint allows excellent heat transmission and is colour fast up to 650°C. Stove paint can also be used on brick, concrete and render.

Sizes: 100ml, 250ml, 500ml  
Aerosols: 150ml, 250ml, 450ml

## Grate Paint Silk Black

A high temperature, corrosion resistant, one coat decorative finish specially formulated for use on cast iron and steel.

A thin coating allows excellent heat transmission and is colour fast up to 500°C.

Size: 450ml aerosol

## Hotspot Fire Cement

A ready mixed blend of thermo setting resins and inorganic fillers that cures when exposed to heat. Intended for use in both domestic and commercial applications where high temperature resistance is required, such as fire bricks, flue pipes, boilers and other applications subject to extreme heat. Available in buff and black

Size: 310ml cartridge

## Coal Paint

An ultra high temperature paint specially formulated for applying a decorative finish to new or for rejuvenating old ceramic coals used in gas fires. Coal Paint is colour fast up to 650°C and is touch dry in 2-3 hours at room temperature.

Size: 300ml aerosol

## Fortafix Fire Cement

A pliable adhesive black fire cement of putty-like consistency available. Water-based and non-toxic and withstands heat up to 1400°C (2550°F). Specially formulated and recommended by leading industrial and domestic heating appliance manufacturers throughout the world.

Sizes: 500g, 1kg

## Flue Free Chimney Cleaner

Specially formulated granular deposit conditioner which breaks down creosote and tar deposits that coat combustion areas and chimney interiors - a problem experienced with most solid fuel stoves and fires. Flue Free helps to maintain clean chimneys for maximum efficiency, lower fuel consumption and reduces the risk of chimney fires. Suitable for use with stainless steel flues.  
Size: 750g

## Glass Cleaner (aerosol)

Glass Cleaner cleans where household window cleaners fail. It clings to vertical surfaces to quickly dissolve smoke stains and tar/creosote deposits. It is recommended to clean regularly to avoid excessive stain build up.  
Size: 320ml

## Stove Glass Cleaner

Glass Cleaner cleans where household window cleaners fail. Quickly and easily dissolves tar/creosote deposits and smoke stains. It is recommended to clean regularly to avoid excessive stain build up.  
Size: 750ml

## Fireplace Cleaner

The really effective answer in removing smoke, soot and tar stains caused by wood, coal and gas fires from brick, stone, concrete, marble and other hard surfaces. It does not normally remove discolouration caused by weathering or natural impurities.  
Size: 500ml

## Stove Glass Cleaner Pads

Dry cleaning pad for all stove glass.  
Handy cleaning sponge with a working side of a double layer of extra-fine steel wool. Cleans fast and scratch-free without the use of any extra cleaning agent.  
Two sponges in a pack

## Xylene Thinners

Suitable for dilution of Hotspot Stove & Fireplace Paint Matt Black. It may also be used as a diluent for most oil-based paints. Use to clean brushes and any other equipment that has been used with oil based paints.  
Size: 125ml

# Polish

## Black Stove and Grate Polish

A water based polish suitable for wood/coal stoves, grates and surrounds. It is particularly useful for covering rust spots and paint chips. After drying, it can be polished to a rich dull black. Stove and Grate Polish will not smear or rub off on hands when dry. Apply sparingly.

Sizes: 75ml tube, 170g

## Italian Marble Polish

Italian Marble Polish produces crystallisation action between polish and marble which is accelerated by buffing and temperature. It is not an abrasive but modifies the chemical nature of the marble itself to produce a rich long lasting sheen.

Size: 200ml

## Slate Oil

Slate oil seals and protects tired looking slate, enhancing its natural beauty. It may slightly deepen the natural colour. The sealer repels dirt & water whilst allowing slate to breathe.

Size: 100ml

## Multi-Use Metal Polish

A very effective polish for use on copper, brass, nickel, pewter, chromium, silver and gold. Multi-Use Metal Polish gives a cleaner, more protective, longer lasting shine.

Size: 150ml

## Brick & Stone Sealer

A solvent base combination of resins, oils and special compounds formulated for sealing and protecting natural brick and stone on fire place surrounds. The sealer allows brick and stone to breathe. It will make the surface strongly repellent to oil, water, dirt and dust. Food and drink spillage can be easily removed as they remain on the surface and are not absorbed. Brick and Stone Sealer will enhance the natural beauty of brick and stone. Depending on the nature of the brick or stone it can slightly deepen the colour.

Size: 500ml

# Rope & Adhesive

## Stove Rope

---

Hotspot glass fibre woven stove rope is suitable for most solid fuel stoves & boilers. Use with Heatbond Stove Rope Fixative.

Sizes: 6mm x 1.5m, 8mm x 1.5m, 9mm x 1.5m, 10mm x 1.5m, 12mm x 1.5m  
6mm x 25m roll, 9mm x 25m roll. 12mm x 25m roll

## Stove Rope Replacement Kit

---

This kit has all the items you will need to replace the stove rope on your burner. Kit includes 1.5 metre length of stove rope, 30 ml Heatbond Stove Rope Fixative and a 200ml length of rope sealing tape - enough for both ends of the rope.

Sizes: 6mm, 8mm, 9mm, 10mm, 12mm

## Lagging Rope

---

Hotspot glass fibre woven lagging rope for fitting between surrounds, firebacks and where any gap needs to be filled with a flexible expansion material that has insulation qualities. Use with Heatbond Stove Rope Fixative.

Sizes: 12mm x 1.5m, 12mm x 30m roll

## Flat Rope

---

A glass fibre woven flat rope that is suitable for most solid fuel stoves & boilers. There is no need for a fixative as it has a self adhesive back for easy replacement.

Size: 10mm x 2mm x 1.5m

## Heatbond Stove Rope Fixative

---

A non-toxic fixative specially formulated for bonding sealing rope (fibreglass or ceramic) onto solid fuel stoves or cookers. Easy to apply and just as easy to remove when rope needs replacing. Contains no solvents so it can be safely used in confined spaces.

Sizes: 30ml with brush, 125ml

## Lint Free Cloths

---

These cloths are ideal for use applying products such as Hotspot cleaners, polishes and oils.

3 in a pack-300mm x 300mm
