Fireside Home Furnishings

## Welcome...

...to our fireside home furnishings product guide.

Continuing the tradition of the 'Manor Fireside' brand, we have kept all the most popular designs and colour/finish options for this season – providing familiarity, and as always – plenty of choice with an extensive range of high quality products, as well as introducing some new additions to complement the collection.

You may have heard that Manor fireside products are now under the Apollo umbrella. This partnership is providing a larger customer services team for advice and support, plus an efficient delivery service throughout the UK. Manor fireside home furnishings and Apollo decorative garden products are the perfect combination all year round.

Whether you're familiar with these items or whether you're new to them, please take a look and keep the catalogue for future reference. Thank you for reading, and if you have any questions, please feel free to contact us. We look forward to working with you this season.

Due to continual product development and improvement, specifications may change between the production of this guide and delivery of goods. All measurements are approximate and refer to overall size. Descriptions such as Antique, Brass, Chrome, Pewter etc. refer to colour and not material. Where natural materials have been used, shades may vary from the images shown. All images are subject to copyright.

# GRATES, FRONTS AND ESSENTIALS

A solid fuel fire requires a few key items to burn brightly. These fuel baskets, grates, fronts and ash pans come in a variety of shapes and sizes to suit different settings.

Grates, ash pans and fronts can also be purchased as 'all-in-one' solid fuel kits.

Pack Size: 1

Baskets are also available and can be used as an alternative to log holders. Please see the extensive range on pages 16-21.

## LOG BASKETS AND LINERS

This section contains two hand-woven, very popular types of baskets which are ideal for storing fireside logs and also many other items around the home.

Rattan baskets are robust and suitable for both indoor and outdoor use. Many designs are supplied with liners to protect the contents and to achieve a softer appearance.

Willow baskets are lightweight and liners for these are available separately.

**MAN0436**

## COMPANION SETS

Classic, traditional, contemporary – this extensive collection provides something for all tastes. High quality materials have been carefully selected – some with a choice of finishes, and the designs are both functional and aesthetic.

Hearth tidy sets have two useful tools, and companion sets have three or four.

# FIREGUARDS AND FENDERS

Fireguards have two important functions:

1. To protect people and pets from sparks and extreme heat.
2. To provide an attractive finish to a fireplace.

With this in mind, this range includes spark guards, single screen, 3 fold, 4 fold and nursery guards that can be used with any type of gas, electric or solid fuel fire.

## MAN0500

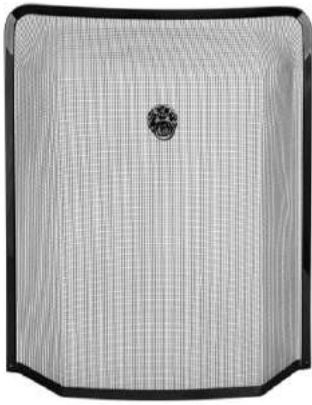

Fireguard Hook Kit

2 pairs of plates to be either screwed or attached with adhesive. Look out for this symbol for compatible fireguards.

Pack Size: 1

The 'Dynasty Plus' 3 and 4 fold range is a development of the popular classic 'Dynasty' design. Solid framework has been combined with simplified hinges to take the traditional fireguards to the next level. The designs remain clean and simple with subtle brass or pewter and are 'Hook Kit Compatible' for extra security.
